HOSPITALITY

SOLUTIONS

Once upon a time...

*Once upon a time, there
was a little girl who lived
in a perfect little village.*

*She often played in the
woods with her reindeer
friends.*

*One day they came across a
mysterious house that no one
had ever noticed before.*

It was not perfect but the little girl already imagined what it could become.

She asked her reindeer friends to gather magical objects hidden in the woods to decorate the house.

*They turned it into a unique home, decked
with beautiful flowers, ferns and lichens, birch
bark and stones.*

*All of those who visited it could not believe
their eyes: it was a whimsical transformation
that changed this house into a perfect home
in a perfect little village.*

“

Since I was young, I have always
been fascinated by the design and the
making of all kinds of products.
At the age of 10, I started to knit my
own sweaters!

Captured by the beauty of what
materials could offer, I studied shapes,
caring for details and finishings.
I have lived and traveled all over the
world to finally transform my passions
into business, right here in Italy.

Catherine Urban

The background of the entire image is a close-up, high-resolution shot of water. The water's surface is covered in a dense pattern of small, concentric ripples and waves, creating a textured, shimmering effect. The colors are muted, consisting of various shades of brown, tan, and grey, which give it a natural, organic feel. The lighting appears to be coming from above, reflecting off the peaks of the ripples.

In your place
there's a passionate story

there's a story of love
in every item we make

A photograph of a Venetian canal at sunset. The water is calm, reflecting the warm orange and yellow light of the setting sun. On the left, a large, weathered wooden post stands in the foreground. In the background, several multi-story buildings with various architectural styles line the canal. The sky is a soft gradient of blue and orange.
